

**From the series Imaginary Postcards**

**Caption: the Mabel Dodge Luhan House, Taos, N.M.**

Of Mabel, Gertrude wrote, *There is that which is in time.*

Up canyon from the square is her adobe

in time with the pueblo and the Penitente morada.

So much flying to and from the odd collection of bird houses.

There is no occupancy that isn't fleeing.

So much flying. That isn't fleeing.

Even the water in the acequia.
